

WORK REPORT

FEBRUARY 2018

Two of our teens obeyed the gospel at the 2018 Youth Camp.

Youth Camp held on February 10-13 at a camp site located 45 miles away from Panama City

I want to thank those who sponsored ten of our teens whose parents can't afford to pay the \$90.00 fee. They greatly appreciate the love you showed them by doing this.

My wife and I have supported this Annual Church of Christ Youth Camp for seven years now. The camp lasts four days. We teach, we counsel, we pray, we share, we cry and we suffer with these teens. Abigail cooperates with the organizing committee of these camps. She meets, at least once a month, to prepare and organize all aspects of this camp.

GOOD NEWS!

The lawyer we hired in January to do the church property papers has given me the deeds of the property. It is registered in the church's name. Zero debts. This now allows us to concentrate our economic efforts on the construction of our building.

VISIT FROM MIKE CHILDS AND GIOVANI RUIZ

On Thursday, February 22nd, we had the pleasure of having with us Mike Childs and Giovanni Ruiz, members of the Church of Christ in Florida. They were on their way to Honduras to oversee some mission work there, but made a one night stop in Panama.

Thursday is when we hold our mid-week Bible study. This year, we started "Group Homes". While there is still a Bible Study held in the church building on Thursday, we simultaneously hold Bible studies in 2 different homes of members of our church. I am now in charge of one of these group homes.

Mike and Giovanni met with us in the home of the Sanchez family. It was Margarita's 70th birthday and she and her husband Calasan wanted their whole family to come and worship with us on her birthday. 8 of their 12 children were there, and also grandchildren and great grandchildren. Gio shared with us a lesson from Ephesians and we had a great time worshipping God.
